How Can I Help YOU.!

YOUR HEALTH IS SAFE PULATHANE TOURISM

ABOUT US

It works with specialist doctors in health services and hospitals with advanced technological infrastructure in the field of health and experienced in the sector. **PULATHANE TOURISM** produces individual solutions and ensures that you receive the best and most accurate care and treatment services without exceeding your budget and informs you by accessing the right medical information you need in a short time, our services are free and you pay only in the hospital where you receive health care. Patients who decide to receive health care in a different destination other than where they live need to receive services related to some non-medical issues before, during and after treatment. **PULATHANE TURIZM** is an international free health portal that brings together contracted hospitals and clinical doctors and patients and allows you to get accommodation, transfer, travel insurance and airfare services to their patients, which aims to provide services to patients who are in the process of making decisions to receive health care, aware that it is very important to relieve their fears and hesitations.

**OUR SERVICES
ARE COMPLETELY FREE!**
